Chapter 1: The Knishening

It was a normal day in the castle of Little King John. He walked down into the Knish room, glancing behind him before he shut the door. This project of his was very ambitious, and if anyone else saw it he would be in trouble. He strolled past the other machines, and arrived at the Potato Knish maker.

A new section had been added, with a long tube and a massive engine, burning shimmering purple. He pulled a remote out of his pants and with a dramatic stretch of the arm, slammed his finger down on the button. The Knish machine powered up majestically.

A Knish popped out of the primary section, and got brought via conveyor belt to the new section. The tube swallowed up the humble Knish, pumping and glowing brightly, illuminating the room with a haunting pale neon violet. It was glorious, Glorious, GLORIOUS! Little King John couldn't contain himself.

“YES, YES!!

AHAHAHAHHAAAAHAHAHHAHAHHAHAHHAHAHHAHAHAAAH!! My machine is so wonderful!”

His luscious long neck stretched and squiggled wildly while he laughed to himself with excitement. When the machine powered down, the room faded to black. LKJ (Little King John) sighed, his once lithe neck flopping down flaccidly to his knees. “Agh! And I was so close too...” Just as he was about to leave, he noticed something. Clank. It came from the Knish machine tube.

Has the Little King's machine worked?

Chapter 2: Knishy love

Chapter Summary

Sorry 4 no update 🤪 in this one the knish becomes alive

So basically the machine was lurching back and forth. Little King John shouted “AAH” the machine suddenly EXPLODED! The explosion knocked back everything and made a thick light tan steam flood the room.

Little King John was on the floor and as he opened his eyes, he smelled potato Knishes. He thought it was odd, but he soon saw something more odd than that. In the mist, a silhouette of someone stood out strikingly. Little King John stood up and said “HEY! I am the little King John! Who are you?” His eyes looked right at the person, and he saw her.

She was beautiful. She was small and cute, only 5 feet tall and she wore a flowy white dress. Her skin was perfectly clear and the color of potatoes inside. Her brown hair was in a messy bun on the top of her head. Her eyes were purple and large. She had a cute and awkward look to her, but not fake like the other girls. Her bazongas were gigantonsaurus.

Little King John was stunned. He didn’t say anything before the girl said “Hehe! Where am I? Who are you?” Her voice was light and airy. Little King John broke out of the seeming trance, resuming his normal personality.

“I am the little king John! I think it has created you, so what is your name and tell me about yourself!”

The girl responded, “My name is Tuberamy (pronounced like tuber Amy) and the last thing I remember is being a potato mixture in a dough, but I blacked out and woke up like this.”

Little King John screamed!! For THIS WAS A KNISH GIRL! His machine project wasn’t even supposed to do that! (It was meant to put drugs in knishes if you wanted)

He put on a face of smiles and said “Well well then.. you will be a member of my Little King John’s Kingdom! Let me show you around my castle.” He led her by the hand and took her out of the basement. Sneezy leaped from the corner!

“hello John- WHO ARE YOU!!”
